Christian College Chengannur

Minutes & Action Taken Report (1 June, 2020)

On 1 June, 2020, the Principal of the college, Dr Johnson Baby appointed Dr Abraham A, Department of Physics, Christian College, Chengannur as the coordinator of IQAC and Sri Aneesh S, Department of History, Christian College, Chengannur as the Joint coordinator of IQAC for NAAC accreditation Cycle 4. They were entrusted with the functions of IQAC till a full-fledged IQAC would take charge later on.

The IQAC met on the same day (12.00PM, 1 June, 2020) and was chaired by the Principal. The IQAC decided to provide necessary operational and technical support for the functioning of the institution focussing on its Quality requirements. It was decided to conduct a survey among the students regarding their digital preparedness in the light of the transition to online learning environment during the Covid-19 pandemic. The IQAC decided to analyse the 3rd Cycle NAAC accreditation results.

Christian College Chengannur

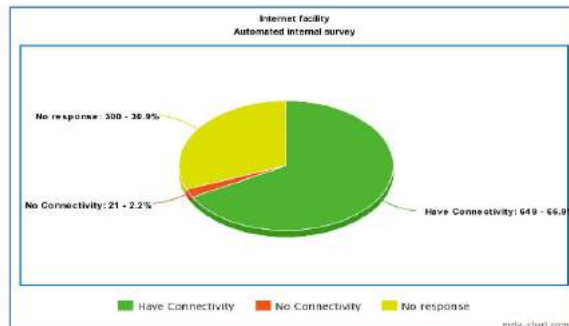

Action Taken Report

1. The IQAC conducted an **online survey** among students with regard to their **digital preparedness**. The survey results and subsequent reports were provided to faculty so that necessary improvements could be made with regard to the student engagement strategies.

Suggestions and status report (online classes)
4th June 2020

The IQAC of the college has been entrusted with the task of streamlining the online teaching sessions of our faculty.

At the onset, the college had conducted online surveys to find the preparedness of students for such classes. The results show that 2.2% of our students do not have internet facility. More markedly, it is also seen that around 30.9% of students have not responded to our automated survey. This non-response could also be partly due to unavailability of connectivity and IT facility.

This alarming 33.1% of students who are on the disadvantaged side of the digital divide is one of our prime concerns as we attempt a full-fledged online academic schedule.

2. The IQAC conducted an **online survey** regarding the **digital teaching learning environment** conducted on behalf of the Director of Collegiate Education, Government of Kerala.

3. The IQAC created a repository for E-content in the college website and requests were sent to all faculty on 23 June, 2020 to contribute to the same. Ms Bindu John, Faculty in Oriental languages responded by providing a YouTube lecture for the website.
